ABOUT ME

Highly ambitious Frontend developer with strong communication skills. 4+ years' experience in designing and building responsive and resilient SPAs and static websites.

Friendly, personable and team orientated developer that thrives in an agile and open working environment. Take pride in translating ideas and concepts into clean, modular, readable, reusable code.

Follow principles of test-driven development, modular components, functional programming and object orientated programming.

SKILLS

EDUCATION

Full-Stack Web Development Course

DevelopMe, Bristol
2019 (3 months)

Frontend Online Course

Codeacademy,
2018 – 2019

Politics

EXPERIENCE

React Developer

WeAreAccess, Manchester, Nov 2022 – Present (7 months)

Frontend contract developer working on a commercial whisky shop search application that I integrated into an existing Drupal site. Development and implementation of features for frontend web application, including search, filtering, sorting, payments and user management using **React**.

Stack: **React, Jest, Drupal, PHP, SCSS, HTML**

Frontend Developer

Outlook Energy, Bristol, Oct 2019 – Nov 2022 (3 year, 1 month)

Designed and built dashboards for asset portfolio management and maintained and updated the company's internal trading tool.

Stack: **Figma, React, Jest, JavaScript, Node, Python, Tailwind CSS, Headless UI, HTML**

- Created custom component library for use with any proprietary applications.
- Implemented testing, storybook, and agile processes to enable delivery of business requirements.

Trainee Developer

DevelopMe, Bristol, Jul 2019 – Oct 2019 (3 months)

Completed 3 month full-stack coding boot camp. Subjects covered included:

- **Frontend:** HTML5, CSS, SASS, Bootstrap, Javascript, JQuery, React, Redux
- **Backend:** PHP, Laravel, API Server side admin and command line skills
- **Tools:** Git, Gulp, Github, Vagrant
- **CMS:** WordPress

H O B B I E S

I love to surf, play tennis and go hiking and skiing in the winter.

I like to keep fit and took part in the Ride London 100 mile challenge this year. I managed to raise £7,000 for an endangered nature reserve in Zambia.

I also play the saxophone in my free time.

O T H E R

Full, clean driving license

BPCA Level 2 in Pest Management

E X P E R I E N C E (c o n t .)

Director

Javelin Services, Myanmar, May 2016 – May 2019 (3 years)

Co-founded and managed Javelin Services, overseeing its expansion into 5 regional bases. Pitched and delivered business proposals, winning contracts with international firms' including Coca Cola, Total Oil and Gas, Huawei. Designed and managed WordPress site.

Research Director

Aequitas Holdings, Myanmar, May 2015 – Oct 2016 (1 year)

Helped set up new businesses in Myanmar's fledgling service industry as well as looking for investment opportunities for international investors.

- Conducted SWOT analysis for internal management meetings, identifying competitors and ease of market penetration.
- Analysed potential strategic partner relationships with the local business community.

P R O J E C T S

Outlook Energy - Wind Generation Heat map

Designed and built app to display localized wind generation across the UK. Allows users to select historic days for historic generation and also select individual sites to see site specific generation. Built API to fetch wind generation data.

Stack: React, Tailwind CSS, Leaflet, Python, MySQL

Outlook Energy - Asset Portfolio Dashboard

Designed and built dashboard to display live forecasts and prices in the UK power market. Allows users to filter results by price, date, and market, as well as submit data.

Stack: Figma, React, React-Query, React-Table, Tailwind CSS, Python, MySQL, PlotlyJS

Javelin Services – Company Website

Company website displaying services, about page, contact page.

Stack: Figma, WordPress, Adobe Illustrator

Personal project – Ping Pong Tournament app

React / redux app to create pairings and multiple rounds for a ping pong tournament.

Stack: React / Redux, SASS, Bootstrap
